Legislative Alert

New development on the MCO revenue replacement amendment

CCAO has been notified that leadership in the Senate has requested a two week hold on the MCO revenue replacement amendment override vote. During the next couple weeks CCAO, representatives from the transit authorities and members of the legislature will meet with the administration to see if an alternative solution can be reached on replacing the foregone county and transit authority MCO sales tax revenue.

While this is a new development, we value this opportunity to explore with state leaders additional ways to provide their local partners with a revenue replacement that will address the loss of sales tax dollars which support important community services.

ACTION ITEMS:

- ✓ Call your member(s) of the senate and talk to them about this new development.
- ✓ Reiterate how important it is for your county to see a replacement for this lost revenue.
- ✓ Keep a lookout for more communications as the next two weeks unfold.
- ✓
