

NACo to host next cyber security webinar

October is National Cyber Security Awareness Month (NCSAM). In collaboration with the U.S. Department of Homeland Security, NACo will dedicate a webinar each week to a specific theme to bring awareness to cybersecurity and individual cyber hygiene.

On Wednesday, Oct. 28 at 2 p.m., NACo will focus on cybersecurity awareness and education in schools at all levels, and how to build a cyber workforce that is ready to meet tomorrow's technology needs. [Register here...](#)
